American Control Conference 2006

June 14-16, 2005 Hilton Minneapolis
Minneapolis, Minnesota

Invitation and Information for Exhibitors

The American Automatic Control Council (AACC) will hold the American Control Conference (ACC) Wednesday through Friday, June 14 to 16, 2006 at the Hilton Minneapolis in Minneapolis, Minnesota. Held in cooperation with the International Federation of Automatic Control (IFAC), this conference will bring together people working in the fields of control, automation, and related areas from the American Institute of Aeronautics and Astronautics (AIAA), American Institute of Chemical Engineers (AIChE), Association of Iron and Steel Technology (AIST), American Society of Civil Engineers (ASCE), Institute of Electrical and Electronics Engineers (IEEE), American Society of Mechanical Engineers (ASME), International Society for Measurement and Control (ISA), and the Society for Computer Simulation (SCS). It is attended by over 1000 of the world's leading academic researchers and practitioners in systems and control from universities, corporations, and research laboratories. The ACC represents the largest and most lively annual gathering of this international group. This year is the ACC Silver Anniversary and many special activities are planned. Please join our international list of registrants from countries including Japan, Australia, and China to celebrate 25 years of conference excellence. The significant resources and enormous market potential in control systems hardware and software represented by our international controls research community is particularly noteworthy.

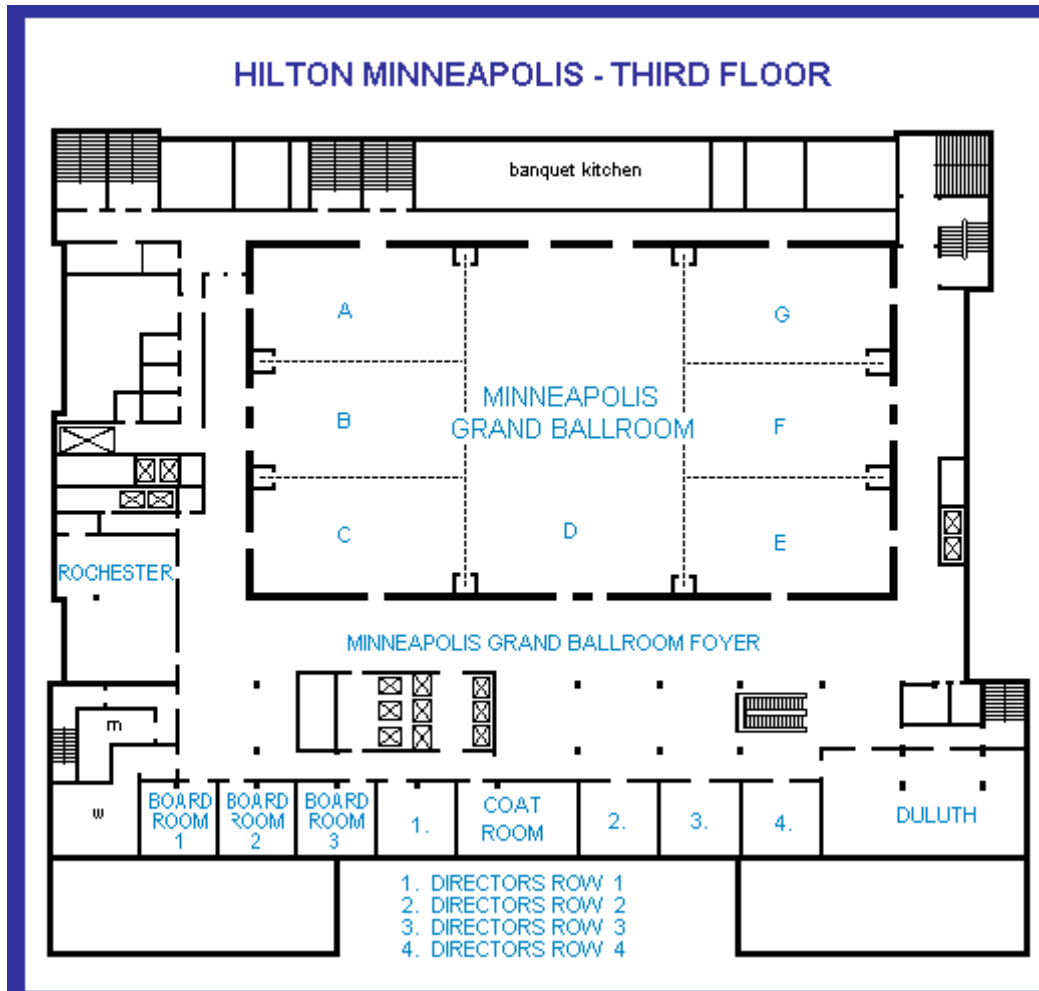

The organizers of the 2006 ACC are seeking prospective exhibitors to participate in its Conference Exhibits Program. The links below can be used to download the Exhibit Space Rental Contract, Exhibit Floor Plan, and Exhibitors Order Form for additional services.
