

The background of the entire page is a composite image. The top half shows a vibrant nighttime city skyline, likely New York City, with numerous skyscrapers illuminated in various colors like yellow, orange, and blue. This skyline is reflected in a body of water below it. In the foreground, a large, white, multi-petaled flower, possibly a lily, is in bloom, its petals partially obscuring the reflection of the city lights. The overall color palette is a mix of the warm city lights and the cool blues and greens of the water and flower.
