

AACC TRAVEL REIMBURSEMENT POLICIES & PROCEDURES

I. GUIDELINES

AACC policy is to reimburse individuals for approved, reasonable, proper, and necessary travel expenses incurred in conjunction with approved AACC activities. AACC activities include ACC and other AACC-sponsored conferences, workshops, and symposia. In the following, "AACC" is understood to refer to any authorized AACC activity. Reimbursement should be sought from the appropriate AACC activity.

Only expenses necessary to the transaction of AACC business, incurred in connection with the individual's designated AACC responsibilities, will be reimbursed. Expenses incurred on behalf of ACC or another authorized AACC activity are usually budgeted to, and reimbursed from, that activity.

AACC does not provide advances for travel related expenses. Actual expenses incurred on behalf of AACC are reimbursed after travel.

In all cases, reimbursement will be made on the basis of the lowest reasonable rate. Expenses incurred over the lowest reasonable rate will be borne by the traveler. In cases where explicit guidance is not provided in this document, or where deviation from these policies is desired, the traveler should seek clarification from the Treasurer and obtain authorization from the President prior to making travel commitments.

II. POLICIES AND PROCEDURES

1. TRANSPORTATION

a. **Air Travel.** All persons traveling on AACC business are expected to book advance purchase, non-refundable, economy class, coach fare tickets when feasible. AACC reimburses only the economy fare, regardless of carrier. Any persons seeking to book higher-grade economy seats, or full coach fares, must obtain appropriate authorization prior to booking.

Business class travel may be partially reimbursed when authorization is obtained prior to booking. Under no circumstances will reimbursement exceed the cost of the advance purchase, non-refundable, economy class, coach fare. A quote for such a fare must be provided and approved prior to booking and included with the Travel & Expense Report.

In cases where cancellation fees/penalties are incurred as a result of a change of plans, the fees will be reimbursed if there is a valid business reason for the change. When reimbursement is requested directly from AACC, written explanation of such fees must accompany the Travel & Expense Report.

Reasonable service fees for travel agents will be reimbursed.

b. **International Travel.** Authorization for travel originating or terminating outside of North America must be sought prior to booking. International travel is subject to the same policies and procedures as other travel. Pre-approval may be given for multiple trips in a specified time period or for a specified purpose.

c. **Ground Transportation.** Ride sharing apps, taxis and/or public transportation are usually the lowest cost and preferred method of ground transportation. Other forms of ground transportation, such as rental cars or private car services, should be used only when they provide a clear cost advantage, or when required for performance of AACC duties. When reimbursement is requested, such usage must be justified in a written explanation attached to the Travel & Expense Report. Tips on ride-sharing services and taxis are not to exceed 20%.

d. **Personal Car Usage.** AACC will reimburse mileage in a privately owned vehicle (POV) driven on AACC business. Mileage costs will be reimbursed at the current Government approved rate (www.gsa.gov). This mileage allowance covers all automobile costs (e.g., gasoline, repairs, insurance, etc.). Total mileage cost for use of personal car on a business trip is limited to economy airfare to the same destination. Repairs to personal cars will not be reimbursed even if these costs result from AACC travel.

- e. **Parking and Tolls.** AACC will reimburse for parking and tolls incurred during AACC travel.
- f. **Other Means of Transportation.** Travel by other means (e.g., train or rental car) will be reimbursed at the actual cost, not to exceed the lowest airline fare for the same itinerary.

2. LODGING

- a. **Lodging Costs.** Accommodations that meet business and personal needs and offer good value should be selected whenever possible. Travelers should use standard single room accommodations at medium range hotels. When attending an event associated with an official event hotel, travelers will be reimbursed for lodging costs at the event rate. The additional cost of room upgrades (e.g., suite, executive floor, room with a view, etc.) is not reimbursable. Lodging expenses must be documented in the Travel & Expense Report with an itemized receipt.
- b. **Hotel Phone Surcharges.** Personal phone calls are not reimbursable. Phone charges incurred as a result of AACC related activities are reimbursable. When reimbursement is requested, written explanation of these charges must be attached to the Travel & Expense Report.

- d. **Number of Nights.** For travel to AACC meetings, reimbursement is ordinarily limited to the nights of and/or one night prior to the meeting. Exceptions may be granted with appropriate authorization.

3. MEALS

Individual meal reimbursement is for actual and reasonable costs of breakfast, lunch and dinner; plus tips (not to exceed 20% of the meal cost). Total meal expenditures should not exceed the government per diem rates, which can be found for locations in the USA at the General Services Administration website (<https://www.gsa.gov/travel/plan-book/per-diem-rates>). The U.S. Department of State has a similar listing for overseas destinations (https://aoprals.state.gov/web920/per_diem.asp). Meals will be covered for 2 travel days and one meeting day, 3 days maximum, less meals included by the meeting.

Entertainment expenses and other types of personal expenses not relating to these specific meals will not be reimbursed.

If reimbursement is requested for meal expenses covering multiple travelers, or greatly in excess of reasonable costs, a written explanation must accompany the Travel & Expense Report.
